Subject: [Announce-ura] AURA-Grants Enhancement - Off-line Friday, August 9, 2013 - 6AM-9AM
Date: Wednesday, August 07, 2013 4:24:41 PM

Hello AURA-Grants Users –

AURA-Grants will be taken offline for an enhancement patch this **Friday, August 9, 2013 from 6:00AM to approximately 9:00AM.** This enhancement will include the following components:

Funding Proposal (FP) Changes:

- Now able to create a Continuation (CN) error-free when a Concurrence Request (CR) is still in process.
- "Update Subaward View" button now available on Resubmission FP Workspaces (FP123456-**02**-PR).
- Users with Office of Clinical Research (OCR) role now able to view URA Review tab.
- Proposal Creator Owners (PC-Os) now notified when FP moves into Sponsor Declined state.
- Question/Answer validations for "FP Specific PI Declarations" activity updated.

Concurrence Request (CR) Changes:

- "Withdraw Concurrence" button now works in CR PI Review state.
- Users with OCR role now notified when a CR enters CR OCR Review state.
- Notification to Unit Approvers now reads "Action Required."

Please let me know if you have any questions,

--Aaron
