Subject: [Grantsadmin-ura] AURA-Grants Enhancement - Off-line Friday, March 1st, 2013 6am-9am
Date: Wednesday, February 27, 2013 4:37:32 PM

Hello AURA-Grants Users –

AURA-Grants will be taken offline for a system enhancement this **Friday, March 1st, 2013 from 6:00am to approximately 9:00am**. This enhancement will include the following components:

Workspace Activity Changes:

- Update questions in "FP Specific PI Declarations" activity based on new AURA-COI module
- The "Update Subaward View" activity now appears on secondary workspaces (Revisions, Renewals)
- The "Update Sponsor Deliverables View" activity now appears in the "Pending Closeout" state.
- Update filtering logic on URA-Manager's Inbox

Funding Proposal Changes:

- Re-label FP Question 22.5 from "COI Management Plan" to "COI Notification to Agency"
- Rate Updates – per 1/18/2013 rate agreement
    - Fringe Benefit rates
        - Project start dates on or after 7/1/2013 will default to FY2014 FB rates (26.6% Federal Rate, 29.5% University Rate, 7.0% Benefit Ineligible)
        - This only applies to new FPs created in the system – existing FPs will not be affected
    - Indirect Cost (IDC) rate
        - New FPs created for federal funding will default to an IDC rate of 58%

Concurrence Request Changes:

- Update CR Type dropdown menu to include:
    - Final Invention Statement
    - Final Progress Report
    - Other
- Remove notification to the Post Award Administrator (PAA) and Sponsored Awards Accounting (SAA) Administrator when a Concurrence Request (CR) enters the "CR URA Review" state

Please let me know if you have any questions!
